Welcome...

William Brand (1963) - an award-winning architect and sculptor - is widely recognised for his imaginative and daring sculptural lighting.

In 1989, he founded his own atelier Brand van Egmond to create without restraint. His lighting sculptures, often perceived as art pieces, grace the finest residences, exclusive boutiques, stunning hotels and leading art exhibitions.

We welcome everybody who wants to see our designs, or would like personal advice from William Brand and his team, to our office and atelier in Naarden, The Netherlands.

BRAND VAN EGMOND

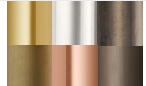

"Every design of new collections follows the same sequence. After the first sketches, I quickly move towards the atelier and start working with new materials and shapes by myself. Of every collection I can still feel every curve and twist literally in my hands." - William Brand.

What begins as a simple sketch with William's pen, results in a sculptural lighting object with character, crafted exclusively by hand and with love by skilled artisans, under the direct supervision of William. All creations differ from each other and have little marks of handcrafting, like the colorful patina, grinding structure, little glass characteristics, which give each piece its individual charm.

Salsa

Design by William Brand

The poetry of motion, written in light, defines the Salsa collection.

Lyrical, thin lines move in effortless harmony, transforming untamed chaos into rhythmic dance and light. With every turn, the Salsa flows in fluid, dynamic circles—ever evolving.

Soirée

Design by William Brand

The table where laughter flows, glasses are raised, and stories unfold is the heart of every gathering. A place of warmth and welcome. Soirée captures this very essence, bringing the magic of candlelight and companionship into the heart of your home.

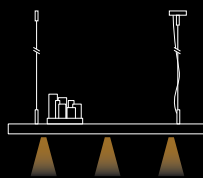

As the evening unfolds, the gentle flicker of candles marks the passing of time, their soft glow shifting and changing, just like the conversations around the table. More than just illumination, Soirée is a celebration of evenings shared, memories made, and of light that keeps the moment alive.

William Brand

founder / designer

William Brand – an award-winning designer, sculptor - is widely recognised for his imaginative and daring sculptural lighting. He was trained as an artist and an architect. He graduated at the academy of fine arts and design. His lighting sculptures, often perceived as art pieces, grace the finest residences, exclusive boutiques, stunning hotels and leading art exhibitions.

His interior designs are minimalist, in contrast to his lighting designs which have a powerful sculptural presence. His way of working is quite specific. Immediately after defining the concept he starts working like a sculptor; experimenting and crafting while having the object sculpting in his hands, often with unexpected results. Therefore the journey is just as exciting and important as the destination.

Optional finishes

Architects and other co-creatives are invited to discover the endless possibilities of customising our lighting sculptures.

We hope to inspire you through the different colours and forms of various compositions, just as we enjoy being stimulated by your requests. William Brand's background in architecture gives him the insight to fully understand the demands and challenges of your work. Combined with his experience, he is the perfect partner to translate your needs into handcrafted reality.

For our clients, we not only customise to different dimensions but also in different finishes, allowing for a truly personal lighting sculpture to be created.
